

Pat Laing

Ex Nurse

I started Kleeneze just to supplement my income as a full time nurse, with working 50+ hours a week I couldn't find anything to fit in around my busy job.

My son showed me Kleeneze and showed me how I could earn the £50-£100+ per week I was looking for, working flexible hours. The great thing about it was I could do my local area as I didn't have a car.

4 years on Kleeneze has enabled me to retire early from the NHS, buy a car and also taken me on a 5 star luxury holiday.

The best of all it allows me to spend time with my grandchildren and gives me the flexibility to travel to America when I want, to spend time with my daughter.

IF I CAN DO IT ON MY OWN! WHY NOT YOU?
